

Spreader Bar for Forklift

Forklift Spreader Bars - ELME has been proudly operating since 1974, becoming the biggest independent spreader manufacturer in the globe. They are a dedicated manufacturer of spreaders meant for numerous different applications like the trailers, handling of containers and swap bodies.

Engineering is done in-house by making use of all of the most up-to-date FEM tools and CAD systems. The ELME company presently has more than one hundred twenty five employees. Their spreaders are supplied to reach straddle carriers, lift trucks, gantry, quayside, ship-to-shore cranes and stackers all-over the globe.

The ELME product series offers spreaders intended for different container and trailer handling operations. Several of their inventory include: Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes, Lift Trucks, Straddle carriers, Ship to Shore Spreaders plus a huge range of additional parts.

Manufacturing and production of ELME products are established in highly automated purpose built factory. In the year 2008, they created 1150 spreaders by utilizing quality components so as to guarantee dependability and excellent standards. Major features of ELME include design simplicity, market response and inventive modular spreader concept.
